

Coming for brow arch and tint service? Here's all you need to know...

Eyebrows are one of the easiest and most important things you can pamper to make yourself look and feel more gorgeous. They instantly show off your eyes, reveal your beauty and polish your overall look.

Before joining us for a brow arch and tint, make sure you give the below a read so you're prepped, primed and ready to wax!

Before your appointment

Make sure you do not expose your skin to any of the following at least 48 hours prior to your wax:

Hot tub / Bath / Spa pool / Sauna / Sun / Indoor tanning

What our Brow Bar Experts will need to know

In order to undertake a wax or a tint, our Brow Bar Experts will need to confirm that you have no known allergies/nut allergies and that you are not currently taking any of the following:

Retin A / Retinal, any form of vitamin A / Accutane / Antibiotics / Benzoin Peroxide / Any medication, prescribed or not

You will also need to confirm that you have not had any of the following in the last month:

Laser peel / Laser hair removal / Phenol peel / Microdermabrasion / Botox

Or used any of the following in the last 24 hours:

Any type of peel / Fake tan products / Sunbed

Finally, you will need to confirm that you do not have:

Recent scar tissue (under 6 months) / Bruises, cuts and abrasions / Warts and moles Infectious skin disorders / Infectious diseases

If you have any questions or concerns prior to your appointment please don't hesitate to give us a call!
